FIFTEEN CENTS

Burglar found hiding in Grandma's Attic

by GLORIA DAVIS

The fourth robbery of Grandma's Attic, on Main St., Antioch, proved to be the unlucky one for Robert Dennis Letkey, 28, Antioch.

According to Chief Chuck Miller and Lt. Tom Fisher of the Antioch Police Dept. the gift shop, which had been broken into three times in recent weeks, was broken into again at midnight on Friday, Dec. 10.

This time the Antioch police were on the spot because of the intensive watch kept on the building since the other burglaries.

Letkey, who has a long record of burglary charges and convictions, was found hiding under some debris inside the gift shop.

The rear of the store had been boarded up

and this time entrance was gained through a window. Letkey claimed that he was drunk and fell through a window that is six feet from ground level.

He was charged with burglary and criminal damages to property and taken to the Lake County Jail. Bond was set at \$20,000 and a preliminary hearing has been scheduled for Thursday, Dec. 16.

Letkey was caught by the Antioch police while robbing Sorrenson's Bait Shop in 1977 and served time in prison for that burglary. He also served time for a previous robbery in Gurnee.

To date he has just been charged with the last burglary of the gift shop but Miller and Fisher said that they have sent additional information to the crime laboratory to see if he can be linked with the other three burglaries.

7 take out petitions for 3 seats

Petitions are available at the Antioch Village Hall for those who wish to file candidacy papers for the three village board seats that will be open for the April election.

The open positions are those presently held by William Seemann, Edgar Simonsen and Claudette Skvarce.

To date papers have been picked up by Seemann, Skvarce, Mabel Lou Weber and Don Amundsen, both former trustees, Jim Mara and Ray Glassman.

Filing dates for the position run from 9 a.m., on Jan. 24, to 5 p.m., on Jan. 31. Filing may be done on these dates during the regular village hall office hours.

St. Peter's offers 'Messiah' Dec. 19

A chorus made up of members of many area church choirs will be presenting the Christmas portion of Handel's Messiah at St. Peter's Church in Antioch on Dec. 19, at 8 p.m.

Lynn Schornick, director of the Waukegan Symphony Orchestra will be directing the chorus which will be accompanied by a chamber orchestra consisting of members of the Waukegan Symphony.

Soloists will be Eva Harper, Rosline Trusky, Ken Smouse, Keith Boehm, Mrs. Robert Petterec, Jeanine Kohel, Wayne Sobczak, and Peter Thelen.

There is no admission charge. A free will offering will be taken.

Good news in The News

Unbounded aid

This is the time of the year when church-groups and fraternal organizations are busy with projects to aid the needy.

Though many businesses give monetary donations towards such good causes, those that sell a product or offer a service are known more for reaping holiday profits than they are for distributing them.

But Antioch has a business person (who will be surprised at this bit of publicity) that decided to cancel the profits for one day and in the true Christmas spirit give a service to those that would have a hard time affording it.

On Sunday, Dec. 12, Audrey Reeves, owner of Guys and Dolls Beauty Salon, and four of her operators, working on their day off, gratis, gave free haircuts and shampoos to all the members of many needy Antioch families.

Marilyn Slater of the Antioch Township office distributed the free coupons to families she knew were in need of assistance.

The operators that donated their time and skills were Pat Ostergaard, Annmarie Zullo, Nancy Kinney and Ann Shuman.

ACHS Band to spread Yule spirit

On Thursday night, Dec. 16, at 7:30 p.m., the Antioch High School (ACHS) Symphonic Band and Concert Band will present their annual Christmas Concert in the high school auditorium.

The Concert Band will open the program with "Christmas March", "Toyland Waltz", "Little Drummer Boy", "Cantique De Noel" and "Have Yourself A Merry Little Christmas".

The second part of the concert will feature the Symphonic Band playing a variety of Christmas selections. They will open with "Christmas Curtain Raiser" followed by A.O. Davis arrangement of "God Rest Ye Merry Gentlemen".

The third number is an arrangement of favorite selections from Tchaikowsky's "Nutcracker Suite", "Jubilant Overture" and "We Wish You A Merry Christmas" will close the concert.

Following the performance, there will be a drawing for the poinsettias used as decorations.

There will also be a bake sale sponsored by the ACHS Flagg and Rifles.

Tickets can be obtained from band students or purchased at the door. Adults tickets are \$2 and students tickets are \$1.

News aides Britisher in finding Godfather

by GLORIA DAVIS

The Pinkerton Detective Agency has nothing on the Lakeland Newspapers when it comes to locating missing persons.

A few months ago, we received a letter from S.T.A. Foister of Nottingham, England, inquiring into the whereabouts of a George Nelson who married a Mary Jamieson of that area in 1945.

Foister claimed that the Nelsons were her Godparents and that she was anxious to correspond with them since she had never met them, only heard that they had returned after World War II to Nelson's home in Antioch where he owned an ice cream parlor.

A check with some of Antioch's long-time residents finally resulted in Warren Polley's remembering a Nelson that owned a restaurant where the present Las Vegas Restaurant is located on Main St. in the late 1940's.

Polley said that he thought Nelson's wife was from England. Our investigation came to a standstill when Polley reported that he had no idea what had happened to the couple after they sold the restaurant back in the early 50's.

Another inquiry was received from Foister who was still anxious to locate her Godparents so we asked Annie Mae to mention the English woman's search in her Antioch News column of Nov. 29.

The staff of the News has discovered that the surest way to get a message across to the people of the Antioch area is to have Annie Mae mention it in her column.

What a front page story in the Antioch Reporter failed to do was accomplished by that short note in the Annie Mae Column as an immediate response came in from Elaine Oftedahl of Froste Foam.

Oftedahl informed us that she thought that Foister had the wrong first name of the person she was searching for because a Robert Nelson, whose wife was a Mary Jamieson from England,

WEDDING PICTURE, 1945

used to own Nelson's Fountain and Grill, located in the Las Vegas Restaurant's building.

Oftedahl said that the last she had heard of Nelson was that he was living in Kenosha. She also gave us the name of Nelson's sister, Frances Udstuen, resident of Dallas, Tex..

The Kenosha phone book lists eight Robert Nelsons so it was easier to make a phone call to a surprised Udstuen in Dallas who confirmed that her brother Robert had married a Mary Jamieson in England in 1945.

Udstuen said that Mary had died in

Village gives \$1,5000 towards Chamber book

Antioch Village Atty. Ken Clark has been authorized by the village board to draw up an ordinance changing the speed limit on North Ave., from Hillside Dr., west to the village limits, from the present 55 mph to 45 mph.

A traffic study done by Village Street Commissioner Tod Maplethorpe indicated that most of the traffic traveling this stretch of road is already traveling it at 45 mph.

The authorization for the ordinance was done at the last regular meeting of the village board.

In other business, the board approved the spending of \$1,500 towards a book to promote industry in the village. Lakeland Publishers will publish the 24-page booklet for \$7,000 and

it is set to come out early in 1983.

Trustees Vern Barnstable and Edgar Simonsen made a motion that a stipulation be set that all the businesses and industries inside of the corporate limits of the village be listed in the booklet.

The rest of the board approved the stipulation although Mayor Ray Toft mentioned that he thought that \$7,000 for 2,000 booklets was rather costly.

The remainder of the cost is being picked up by those that advertise in the booklet.

The regular meeting of the Antioch Village Board, held on Monday, Dec. 6, was adjourned to Monday, Dec. 13.

According to Marilyn Sterbenz, village

clerk, the board is expected to take up the public hearing on the application of Wanda's Restaurant, at 896 and one-half Main St., for a special use zoning allowing the serving of liquor in a planned addition.

A liquor license, formerly held by Smiley's Tavern on Rte. 173, will be available. Smiley's was torn down to make way for the Jewel-Osco construction at the intersection of Rtes. 173 and 59.

State bogs Haley trial this time

The ongoing case of West Palm Beach County's charge against William Haley, Antioch, of trafficking in drugs has been pushed into 1983's court calendar.

At a court calendar call in Florida on Friday, Dec. 10, the case, set for trial on Monday, Dec. 13, was continued indefinitely.

The state's attorney's office has just appointed a new assistant state's attorney, Lisa Campbell, to the case and depositions have yet to be taken in the case.

Haley was charged after a twin engine plane owned by William Zeigler, Round Lake, was confiscated by drug agents at a West Palm beach airport, in April 1981.

The plane was loaded with \$476,000 worth of marijuana and the two men aboard, Robert Hoffman, 34, Lake Villa, and Woodrow Webster, 29, Colo., claimed that Haley had promised them \$40,000 to fly the marijuana in from South America.

James T. Amarosa, McHenry, is facing the same charges.

The Time Machine

When I think about it Russians saying 'Nyet' before first anniversary

by GLORIA DAVIS

I've gotten some more mind-boggling tidbits from my friend Homer Lundberg of the Professional Remodelers Assn.

For all of you that have suffered mild heart attacks and fainting spells when reading the window price or even getting the discount, rebate and low interest prices being offered by the automotive industry, Detroit, Kenosha etc. have nothing on the automotive parts and junk yard entrepreneurs since the total cost of the parts of a 1982 two-door hatchback car, ticketed at \$7,000, is \$26,787.

Speaking of successful industries in this ebbing economy, what happened to the little boys and girls of yore who liked to play dress-up?

The casual lean of today's fashions has made the blue jean industry an \$8 billion a year one.

Three pairs of jeans for every person in the United States, or 612 million pairs, were sold in the U. S. in 1981.

Although more of our live-in young couples are getting married now than they were a few years ago, more of them are also getting divorced. But this lack of commitment and dislike for family life is not only running

rampant in the "permissive Democracy of the United States." One out of every three marriages in the Soviet Union are ending in divorce. In fact one-third of them don't even toast each other with vodka on their first anniversary.

Another sadder family-life note is found in the statistics that show that, with a 54 percent increase since 1970, one of every five children in the United States, or 12.6 million youngsters, are being raised by one parent, ergo the new popularity of the nursery rhyme "Goldilocks and the Two Bears."

Now here's a note that might explain some of the lack of enthusiasm for family living and expenditures. Taxes in the U. S. are taking more than one-third of a person's income, more than is spent for rent (house payment) utilities and other costs in operating a home put together.

My gosh, what's left after the high cost of groceries etc? Where are people getting the money to invest in all the money market certificates etc.?

With all this talk about divorce etc., let me leave you with one sage's quote, "Many a man owes his success to his first wife, and his second wife to his success."

FIFTY YEARS AGO: Dec. 15, 1932

Thermometers in Antioch registered 13 degrees below zero.

A National Tea Co. grocery store moved into the building being used to house the offices of Antioch Sales and Service.

Kuelman's, "Antioch's Reliable Jewellery Store" for 30 years was advertising pewter salt and pepper shakers for \$1, ring and pendant sets for \$1, gold-filled earrings and bracelets for \$3.50 and solid gold rings with the newest stones for \$4.50.

Haircuts were 40 cents at Radtke's Barber Shop and one pound of sugar cured bacon was selling for 15 cents.

The News ran a holiday recipe that must have been the forerunner of aspic wherein seasoned tomato juice was frozen and served in slices.

FORTY YEARS AGO: Dec. 11, 1952

Homer LaPlant was chosen and installed as Lions Club president.

The Antioch Rescue Squad received a donation from Mrs. Heinrich Heine of Hamburg, Germany.

Mary Lou Osmond was the treasurer of the new Antioch High School Pep Club.

Robert Lindblad was the outgoing president of the Lakeland Players.

The News carried an editorial that claimed that the pre-inauguration conference held by outgoing President Harry Truman and incoming President Dwight Eisenhower was of a highly secretive nature concerning the present "cold war" with Russia.

Rosemarie Lucas had parked her car in downtown Antioch and locked it. When she returned it was gone but was subsequently found a short distance away still locked. After questioning revealed that no family member had borrowed it, the question remained, not only who borrowed her car, but how did they get into it.

TEN YEARS AGO: Dec. 13, 1972

The Northeastern Planning Commission predicted that the population of Antioch Township would be 15,500 by 1985.

Peggy Van Patten was one of the 100 finalist in the annual Pillsbury Bake-Off Contest with her apple-crumble cake recipe.

Dr. Albert Bucar, Dr. John J. Lorang, Dr. Edward Abderholden and Ted and Bob Costoff formed the CABL Corp. a development company slated to develop the land south of North Ave., north of the Upper Grade School and west of Tiffany Rd.

Owners of a \$10,000 house were paying \$197.60 per year towards Antioch High School compared to \$109.80, 30 years ago.

Along the way with ANNIE MAE

Congrats to Darcy and Roy Morrison who are the proud parents of a seven pound, 13 ounce, bouncing baby boy named Lee Michael.

Bet that baby's first toy is a miniature stock car!

Speaking of cars, have you heard about the new Stomper craze? It seems that Ben Franklin is the Stomper headquarters. Groups of men and boys alike are congregating on both sides of the Wisconsin-Illinois border to bet on the tiny battery-driven, four-wheel drive vehicles that pull weighted tractors.

Who said the difference between men and boys is the price of their toys?

Many of Antioch's athletes are doing so well in college sports, such as Darcy Krahn, daughter of Mr. and Mrs. Gilbert Krahn, and a freshman at Monmouth College, Monmouth, majoring in general science. Darcy has earned her letter in volleyball.

Annemarie Zullo, that friendly face that bounces between Guys and Dolls and the Vault Restaurant, better mind her p's and q's with that sure-shot of a husband of hers.

Ron received an award from the Gander Mountain Sporting Goods Co., Wilmet, for his largest-deer-entry in the sport-

ing goods store's contest.

Ron shot a seven point buck weighing in at 210 pounds. He brought the buck down in Hayward winning a Winchester 38 rifle, scope and gun case.

Have you seen that festive mailbox for Santa near the water tower. Dan DeFoss, better known as "Windgate" to the kids, tells me that kids will be able to contact Santa all year round by dropping a letter in the mailbox. No stamp need be put on the letter if it is put in that box.

Didn't Tom Hannigan do a great job painting the mailbox!

Dan DeFosse tells me that there's a box at Windgate's in Sweet Fantasies in the North Ave. Mall, for donations of toys for children that might not be getting any this Christmas.

For those who are interested in donating and having their toys go to local children, toys are needed for a six-year-old and a four-year-old girl; for the children of one family which has four boys, 14, 12, 11 and four years old and a girl two and one-half; a family that has three boys and four girls, boys 14, 12 and 10 years old and girls, 14, 12, 5 years and one five months old.

Classes, kids entering holiday theme contest

The Dec. 16 deadline is just around the corner for this year's edition of the Lakeland Newspapers' annual Christmas Theme Contest.

Once again this year, the contest is proving popular with both children and school classes alike. Many grade school classes are using the contest as a class project as well, submitting entries after they have been assigned and turned in to their teachers.

Talented young writers and artists have until Dec. 16 to submit their entries in Lakeland Newspapers' annual Christmas Theme Contest which Lakeland Newspapers will once again hold to help promote the annual Toys For Tots Christmas drive in conjunction with the U.S. Marine Corps Reserves.

A toy donation with entries is requested.

Lakeland Newspapers offices in Antioch, Grayslake, Fox Lake, Wauconda, and North Chicago will serve as drop off points for the Toys For Tots drive.

This year's contest will feature many fine prizes provided by Lakeland Newspapers and participating merchants in three different age groups.

Entries in Group I, ages five to eight, should draw a picture depicting "Christmas At My House," using crayons, markers or pen on a regular sized sheet of paper.

First prize is an electronic football game from Zayre, Round Lake; second prize is a Fisher-Price marching drum and musical radio from K-Mart, Round Lake; third prize is a doll from Woolworth, Fox Lake.

Entries in Class II, ages 9 to 13, should write a theme, 500 words or less following the theme of "The Meaning of Christmas Giving."

The third category, Class III, ages 14 to adult, should be a theme, 500 words or less stating "What Christmas Giving Means To Me."

Prizes for category two and three are \$15 cash first prize, \$10 cash second prize and \$5 cash third prize.

One grand prize will be awarded along with first,

second, and third place prizes in each category. The grand prize is a \$50 savings bond from Lakeland Newspapers.

All entries must have name, address, town and category entered and phone number on the entry. Themes and pictures will not be returned to participants and all entries become the property of Lakeland Newspapers.

Decision of the judges will be final and judging will be based on originality, creativity and neatness of presentation. Entries to the contest must be appropriate to the theme. Winners will be notified by mail.

Winners will be published in Lakeland Newspapers Christmas issue of Dec. 23. All entries must be postmarked no later than Dec. 16 and sent to Lakeland Newspapers, Box 268, Grayslake, Ill. 60030.

However, entrants are urged to drop off entries at one of the five Lakeland Newspapers offices and include a toy donation to Toys For Tots along with their contest entry.

Matthew McPhee wins Bike-A-Thon award

Top prize winners representing twelve Lake County communities involved in the 11th Annual Fall Bike-A-Thon for the Lake County Unit of the American Cancer Society were introduced at a traditional Victory Dinner held in Vernon Hills, Wednesday evening, Nov. 17.

McDonald's of Vernon Hills, hosted the awards night dinner for twelve community route chairmen and their first-place winners.

William A. Robie, Lake Bluff, Lake County Unit Income Development Chairman, announced the \$40,000 Bike-A-Thon goal had been achieved, and that the 483 riders and the five trikers who participated in the fundraiser had raised \$41,275 to date for the Lake County Unit of the American Cancer Society.

"Our Bike-A-Thon riders and trikers rode us to a victory again this year," commented Robie. "By exceeding the \$40,000 goal they made a significant contribution toward achieving the Lake County financial plan. This event is important to our community because it enlists volunteers in a group effort on behalf of those who are victims of cancer. During the past year," he continued, "the Waukegan office of the American Cancer Society provided free support services to more than 1,565 Lake County patients."

Route winners are those riders who make the largest contribution to the American Cancer Society through their sponsor-donors.

Riders making a \$50 donation to the society become eligible for an American Cancer Society Bike-A-Thon t-shirt, and American Cancer Society jackets are awarded to those making a gift of \$200 or more. All Bike-A-Thon prizes and refreshments are donated by community

boosters of the annual charity event.

Bike-A-Thon Route Five in Antioch was chaired by Preston Reckers who introduced ten-year-old Matthew McPhee, Antioch, at the victory dinner as the first place prize winner of a 10-speed bike donated by the State Bank of Antioch.

Lakeland Newspapers to aid bridal plans

Lakeland Newspapers has announced what should prove to be an enjoyable afternoon for future brides, mothers and bridal parties.

Lakeland Newspapers' Bridal Show '83, slated for Sunday, Jan. 23, will familiarize brides preparing to walk down the aisle for the first time with the many different aspects of planning a wedding. It will also be a handy information session for mothers of the bride, whether it's the first daughter to take the step or the 10th.

Top Lake County merchants dealing in weddings will be on hand to explain how they will help plan every aspect of the wedding to insure that the wedding day will be one not forgotten.

In addition to many helpful planning tips, participating merchants will be giving away many wedding-

oriented prizes to those who attend Bridal Show '83.

Highlight of the bridal show will be a presentation of bridal fashions by JC Penney-Lakehurst. Fashions of all designs will be spotlighted in this show with fashion commentary by Lakeland Newspapers Fashion Editor Gloria Davis.

The Lakeland Newspapers Bridal Show '83 will be held at the Gurnee Holiday Inn, 6161 Grand Ave. Doors will open at 1 p.m. and ample time will be provided for guests to confer with exhibitors at the show.

Invitations will be sent to recently engaged brides-to-be whose engagement announcement appeared in recent issues of your Lakeland Newspaper. Reservations can also be made by contacting Gloria

Faller at the Grayslake office of Lakeland Newspapers, (312) 223-8161. Reservations are requested.

Limited exhibition space is still available.

DIET AND TEETH

QUESTION:

Is what we eat really so important to our teeth?

ANSWER:

Your teeth and mouth health are an important part of your over-all body health. What you eat should give you enough of the vitamins, minerals, fiber, body building elements and energy that make up good nutrition. You know that sweets are dangerous. Mouth bacteria go to work on them immediately to form acids, and those acids eat away tooth enamel—the beginning of tooth decay. Limit the amount of sweets you eat and, most important, the frequency. Eat sweets with meals rather than as snacks, and brush or floss after all meals. Sticky foods or those that bathe the mouth in sugar are the worst offenders. Instead, snack on carrot and celery sticks and apples. Natural cleansers, they help keep teeth clean and stimulate the gums in a positive way.

INSIGHT INTO EYESIGHT

Dr. R. A. Sona,

OPTOMETRIST

YOUR OPTICAL CENTER

When your eye doctor prescribes glasses or contact lenses for you, he'll be giving professional attention to your exact point of viewing.

The optical center of the lens is a tiny point positioned directly in front of your pupil. This is the point at which light passes through your eye on its way to the retina. If the image is clear, the retina sends a clear picture to the brain. Then you know exactly what you're seeing. But you can't get a clear image unless the light is bent correctly. That's what corrective lenses do. They bend the light just

enough to create a clear image.

Usually, both eyes need correcting, but never in exactly the same way. Each lens has to be specially ground to correct the vision problems in each eye.

Glasses or contact lenses will not cure any structural errors in your eyes. But they'll make it possible for you to see clearly and comfortably.

Sequoits win one, lose another

The Antioch Sequoits are still looking for their first non-conference win after splitting the weekend cage-play, beating Johnsbury, 52-44, on Friday, Dec. 10, but

bowing to North Chicago, 56-49, on Saturday, Dec. 11.

With a 2-4 overall record and 2-0 conference record, the Sequoits will host Lake Zurich on Friday, Dec. 17, and travel to Woodstock on Saturday, Dec. 18.

The hero of last Friday's game was Phil Aschbacher who made five out of five free-throws in the last 40 seconds after the score was

tied, 44-44, with two minutes to go.

Aschbacher made seven out of the last eight points to lead Antioch to the win.

Aschbacher was the leading scorer with 19, Tom Anderson, 16, and Chris Becker scored 12 points.

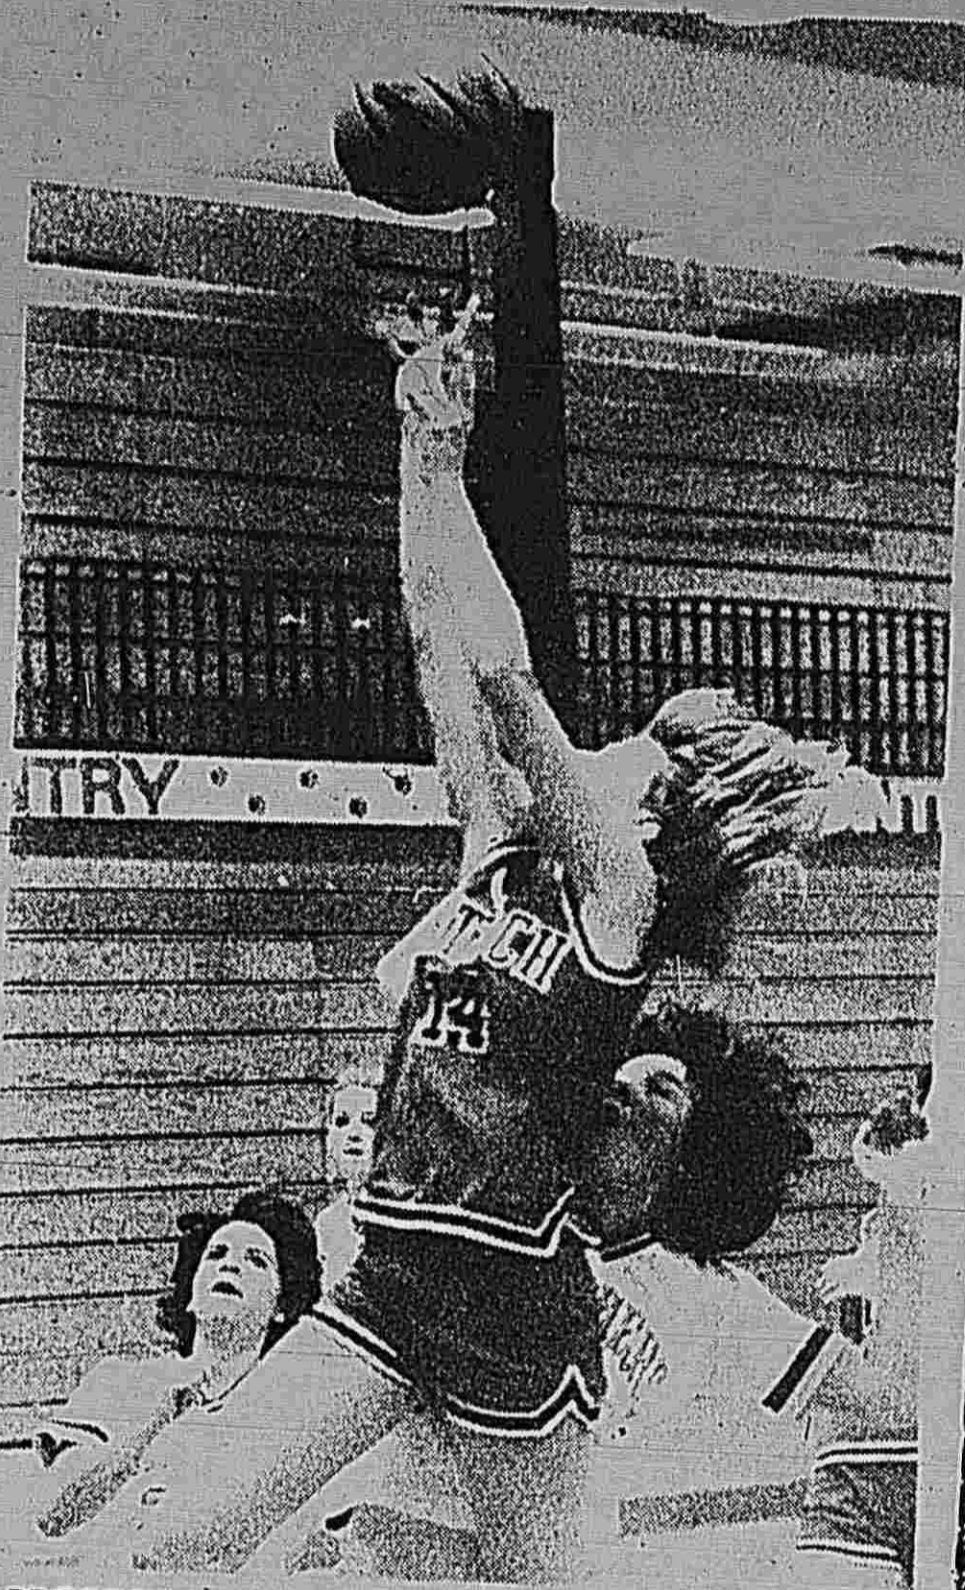

On Saturday, part of the reason for Antioch's loss to North Chicago was attributed to the loss of high

scorer Anderson when he twisted his ankle with 14 seconds left in the first quarter.

Anderson was taken to the hospital for a check but his injury is not thought to be serious. Brad Herbst replaced him for the remainder of the game scoring 11 points.

Aschbacher led the scoring again with 15, John Humphreys had 8, followed by Craig Sheedlo with 7.

The Warhawks were leading, 28-22, at half-time. Antioch took the lead, 35-34, for a short time in the third quarter, but North Chicago took it back almost immediately.

Godfather

(Continued from Page 1)

1973 and her brother was living in Kenosha and employed by Maurer Lawn and Garden Center.

Word was left at the garden center and Nelson, not only returned the call, but came into the News office, most interested in Foister's letter.

After reading the letter, Nelson said that he couldn't actually remember attending a christening back in 1945 but he confirmed that Foister's maiden name of Corbett was the same as that of some of his wife's relatives.

He brought up the possibility of his wife attending the christening and his being the Godfather by proxy.

Nelson took Foister's letter and said that he would answer it immediately and get back to us.

Nelson met Mary, who was a milkmaid in Suffolk, England, when he was stationed at Martlesham Air Base in Ipswich, from 1943 to 1945. He was 31 and Mary 29 when they met and fell in love.

They were married just before he was transferred back to the United States in September of 1945.

Nelson, who was born in Kenosha, returned to Wisconsin, when he was discharged. He and Mary opened the ice cream and sandwich shop in Antioch in 1946 and operated it until 1953 when they sold it and moved back to Kenosha where he worked for Canada Dry.

The Nelsons brought Mary's father, Percival Jamieson, to Antioch from England. Jamieson, who had been a Vicar in England, served as an

ROBERT NELSON

Episcopal minister at St. Ignatius Church in Antioch for a while.

Nelson, after confirming Mary's death in 1973, expressed his surprise that our inquiries and the Reporter's story had not drawn a quicker response since he still is in contact with many Antioch residents.

What is it like to get a Godfather for Christmas? There will be a follow-up to this story when Foister is heard from after her long distance reunion with Nelson.

Letter To The Editor

INSURANCE COMPANIES
NON-PROFIT ORGANIZATION

Editor:

A recent "When I Think About It Column" written by yourself, Gloria Davis, made some rather feeble attempts at humor at the expense of the insurance industry. Humor, like beauty, is often in the eye of the beholder. In this case, humorous insight seems to be suffering from severe myopia.

You assert that the large buildings that bear the names of large insurance institutions provide irrefutable evidence that premiums are excessive. On the contrary, shrewd business investments in real estate have been a major reason why insurance companies have been able to hold down the cost of insurance premiums during the past

decade.

Your article leaves that reader with the impressions that massive amounts of money find their ways into insurance company coffers at the expense of clients.

Actually, industry averages for property and casualty insurance show that claims and expenses of companies actually exceed premium income. Only the ability to expertly manage the admitted significant cashflow provides the current margin of profitability for much of the industry.

The savings created by people living longer and in-

creased investment income, i.e., such as the income from those large buildings you noted in your column, has been passed on to the consumer.

The purpose of insurance has been and always will be, to allow people to share the risks of modern living. While paying monthly premiums may not be the most pleasant of chores, I might suggest a more unappealing situation: a world without the peace of mind that insurance affords.
